Kerr Construction, Inc.  
P.O. Box 1060  
Woodburn, OR 97071

**Subject: Letter of Appreciation**

To Whom It May Concern,

I would like to voice my appreciation for a "Job Well Done" by your organization in the moving, abandoning, and adding of additional Water Appurtenances, Hydrants and Mainlines on the NW Brookwood Parkway Improvements Project.

There are many layers to an organization that attribute to the overall success of that project and yours is no different. My experience with Kerr Const. started with Scott Nelson, Kacy Carter, Ron Griffiths + Crew, Ryan Shaw + Crew, Corbin Pierce + Crew, Aaron Fitzgerald + Crew and Terry Sanders + Crew. Each person stood out in their own way. I was very impressed at their knowledge, attention to detail, and leadership skills. As the Water Dept. Inspector on the job everyone was extremely helpful to me during my time on this project.

I have worked with many Contractor's over the years, but the people from Kerr Construction stand out as some of the best I've ever worked around. Congratulations to Kerr Construction for an outstanding job!

Respectfully,

A handwritten signature in blue ink that reads 'Rylan Jones'.
